

Optimise firm operations and ROI with expert on-demand Intapp support.

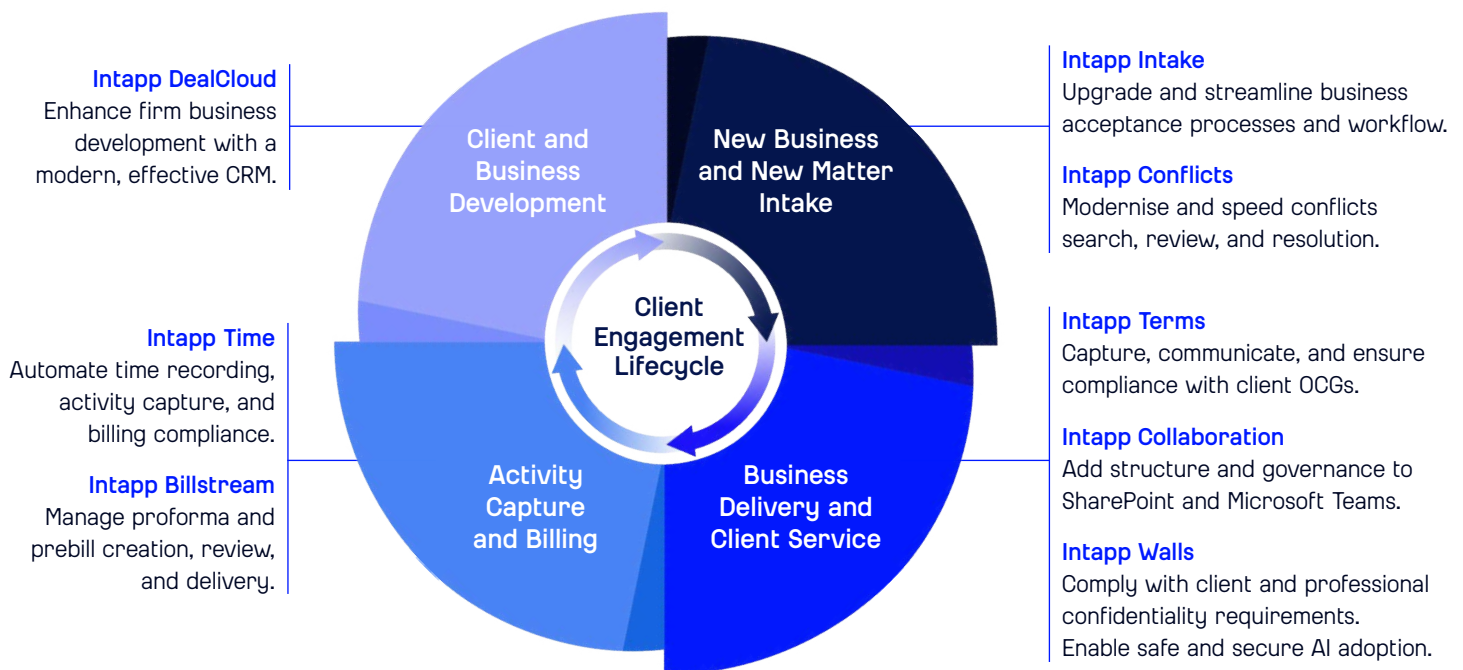

Responsive, Expert Intapp Support Delivered on Demand

- Resolve issues that exceed standard Intapp helpdesk capabilities.
- Maintain operational efficiency with direct access to certified Intapp experts.
- Improve workflows and processes through expert design, updates, and refinement.
- Connect applications and data sources with secure, reliable integrations.
- Strengthen internal teams through hands-on guidance and targeted training.
- Prepare for upgrades with on-premises readiness reviews and planning support.
- Advance cloud strategy through readiness assessments and migration planning.

Why Epiq Legal Solutions

Experience the advantage of solutions from a partner specialising in legal.

Drive decisions with AI solutions that combine people, process, technology, and data.

Key Features

Workflows and Reports

Design, update, and refine workflows and reports for all Intapp solutions.

Integrations

Develop secure data connections across Intapp Conflicts and Intapp DealCloud.

Upgrades

Review, plan, and support on-premises upgrade readiness.

Cloud Readiness

Evaluate modernisation needs and guide migration planning.

Training

Strengthen internal capabilities through hands-on instruction.

Support

Provide direct technical help and product assistance on demand.

Over
1000
successful Intapp projects executed

Differentiators

- A team that includes former Intapp product managers, law firm operations leaders, technology, business process, and subject matter experts.
- A rapid, direct support model that avoids supplier escalation delays.
- Assistance that exceeds Intapp's own standard and prime support offerings.
- Extensive knowledge of Intapp products, best practices, data integration requirements, and change management.
