

# Quickly uncover and analyze insights for stronger class action outcomes.

Build stronger case strategy and resolve class action matters faster by automatically surfacing relationships between key players, events, and facts in large datasets.

## Assess Case Merits Quickly

Identify necessary shifts in approach using AI to accelerate analysis of incoming productions.

## Secure an Advantage Preparing for Depositions

Use AI to develop your strategy, identify exhibits, and generate detailed deposition kit materials.

## Reinforce Claims and Defenses

Meet your burden of proof on summary judgement and class certification by asking unlimited questions of your data to test theories, develop themes, and anticipate opposing arguments.

## Centralize Case Intelligence

Maintain continuity across plaintiffs' counsel as new information is added with a persistent knowledge layer.

## Safeguard Matter Data

Host documents in the Epiq Service Cloud and use private models that do not train public models. Investigate claims and identify relevant information up to 45 times faster than doing so manually.

## Why Epiq Legal Solutions

Experience the advantage of solutions from a partner specializing in legal.

Drive decisions with AI solutions that combine people, process, technology, and data.

Identify relevant information up to

**45x  
faster**

## Differentiators

- Automate 80% of traditional review tasks, including building protocols, running and refining search terms, and predicting tags.
- Maintain data security and compliance by accessing AI through the fully managed Epiq Service Cloud.
- Get up and running quickly and finish projects sooner with intuitive, straightforward workflows.
- Eliminate boundaries by asking questions and getting answers in over 50 languages.

Reduce the risk of missing a key detail with AI designed for the scale and complexity of class action litigation.

Please provide a summary of the top five lobbying activities in a numbered list.

AI Assistant 3 minutes ago

The provided documents do not contain specific details about the top five lobbying activities. The documents primarily discuss the process of completing lobbying questionnaires and tracking lobbying expenses, but they do not provide detailed descriptions of specific lobbying activities or initiatives. Here is a summary of the relevant content:

1. **Lobbying Questionnaires:** Enron employees were required to complete questionnaires detailing their time spent on lobbying activities for the year 2000 and 2001. These questionnaires were

## Instant Answers
