

Achieve stronger IP protection, lower costs, and make better decisions.

- Safeguard innovation and manage global IP portfolios with confidence.
- Reduce errors and avoid lost rights through better workflows and data quality.
- Forecast budgets accurately and support strategic goals using technology and analytics.
- Gain visibility into portfolio strength, spend, and compliance across jurisdictions.
- Access advisory expertise and managed support for docketing, vendor management, and reporting to ensure sustainable transformation.

Why Epiq Legal Solutions

Experience the advantage of solutions from a partner specializing in legal.

Drive decisions with AI solutions that combine people, process, technology, and data.

Assessment

Conduct IP functional health checks, build strategic roadmaps, and perform data quality audits.

Talent

Provide flexible legal resourcing, docketing, paralegal support, and Epiq Counsel lawyer expertise.

Implementation

Deploy IPMS technology, manage integrations, and provide training and documentation.

Analytics

Define KPIs, build dashboards, and integrate AI for smart decision making.

Strategy

Assess IP portfolios during acquisitions to ensure maximum monetization and strategic value.

Spend

Analyze invoices and define fixed-fee pricing strategies to manage legal spend and relationships.

Optimization

Improve IPMS utilization, workflows, and efficiency to reduce cost.

Governance

Develop policies, playbooks, and data governance programs.

Protection

Strengthen trade secret workflows and compliance processes.

Differentiators

A team comprised of experts who:

- Co-created and chaired the CLOC IP Core Competency Committee, shaping industry best practices.
- Bring over 30 years of experience designing and implementing IP management programs.
- Earned the 2020 Financial Times Award for Intelligent Business for the digital transformation of Microsoft's IP department.
- Deliver end-to-end lifecycle coverage across advisory, technology, and managed services.

Data Is the New Bacon: Why IP Leaders Can't Skip the Prep
