**Providing knowledgeable and compassionate call service support can make or break a data breach, class action, bankruptcy, or mass tort settlement program.**

Staffed with trained and experienced personnel to handle the project at hand – responsiveness and accuracy are our top priorities. Epiq’s range of automated and live response options via toll-free numbers ensure claimants and interested parties have access to the most accurate and current information at all times.

**What we offer**

**Experience and Resources.** With a capacity of more than 1,600 contact center seats in our state of the art contact centers in Beaverton, Oregon; Dublin, Ohio; Phoenix, Arizona; and Tampa, Florida; our team handles millions of calls each year.

**Customizable Options.** Our Interactive Voice Response (“IVR”) platform allows callers to interact with an automated system, with a variety of options for recorded or live assistance with a customer service representative. We also conduct outbound campaigns either through automated messages or via customer service representative outreach.

**Highly-Trained Customer Service Representatives (“CSRs”).** Our stringent hiring process and comprehensive training program ensure our CSRs are assigned for projects that fit their skill sets. Our CSRs are monitored and evaluated for quality assurance several times per week to ensure a personalized and informative caller experience.

**Consistency and Reliability.** Our CSRs are prepared to place and answer calls with consistent and accurate information based on scripts we develop with our clients that are customized to the project at hand.

**Scalability & Flexibility.** Due to the nature of the services we provide, our Contact Center is particularly adept at adjusting staffing as required by the needs of our clients at any given time to meet peaks and valleys in call volume. We use a combination of historical call arrival patterns, future call drivers, and intraday call monitoring to right size staffing.

**Multilingual Offerings.** We have provided customer service in more than 65 languages and interpretation and translation services in 200 languages with toll-free numbers in numerous countries.

**Real-time Reporting.** All calls, both inbound and outbound, are captured and reported programmatically and may be reported to our clients on a daily or weekly basis.
