

Epiq Europe

Clients go further, faster with

# epiq efficiency

Solutions that get clients in legal markets here and around the world from point A to B faster, unless point C is a better option.

People. Partnership. Performance.

# bottom line, we're in the efficiency business

Clients rely on Epiq experts, technologies, and resources to streamline the complex, costly, and time-consuming administration of legal matters. This includes litigation, investigations, financial transactions, regulatory compliance, and other business operations. We bring valuable efficiencies, clarity and other improvements to these vital tasks—around the corner and around the world.

## class action & mass tort

Whether your class action or mass tort administration is small or large, routine or complex, we offer best-quality class action and claims management for cases anywhere in the world. With cost-effective, scalable staffing and processing services, expert project teams, sophisticated technology and the industry's most rigorous data security, expect unparalleled quality, accuracy, and efficiency.

Epiq brings clarity and confidence to the often-complex challenges of class action and mass tort administration. We accomplish that with an unmatched combination of experience and expertise.

## eDiscovery

If you need volumes of data collected, processed and ready to review, at scale, by yesterday, Epiq can help. You can rely on Epiq to meet your precise eDiscovery needs, from the simplest data collection to the most complex document reviews. Choose from today's most complete suite of powerful eDiscovery solutions and achieve unmatched clarity, speed, and efficiency.

When clarity, accuracy and speed are required, count on expert guidance, technological efficiencies and clockwork reliability across borders, timezones and devices.

## regulatory & compliance

Regulatory and compliance burdens are a complex and time-consuming process. With our extensive knowledge and meticulous attention to detail, we ensure the security and protection of your company inside and out.

From information governance and General Data Protection Regulation (GDPR) services and records management to data breach response and legal contract lifecycle management, we help reduce the burdens of compliance management while keeping you safe within the growing network of our secure Epiq knowledge centres.

## court reporting & trial technologies

Epiq is the global leader in court reporting, trial technology and transcription. From Houston to London to Hong Kong and beyond, Epiq utilises cutting-edge technology and a proven network of 5000+ court reporters to deliver timely and accurate solutions to our clients.

We provide real-time transcription, electronic trial bundles, and presentation of evidence and interpreting. We are the market leaders in providing solutions to high-profile public inquiries including the Hillsborough and Grenfell Tower Fire inquiries.

## business process solutions

Our diverse lineup of administrative services helps improve the efficiency of your organisation. We streamline workloads and deliver the time you need to focus on other important matters.

From staffing and recruiting for a project and onsite office services and records management, to outsourced word processing and secretarial support, we deliver a wide range of services with the reliability and accountability you expect.
