

Meeting your eDiscovery needs, **whatever they are.**

Whether you need eDiscovery services on an ad hoc or continual basis, Epiq can meet your needs. While transactional services may be appropriate for the occasional user, those with steady needs may benefit from eDiscovery managed services (EMS).

Heavy use = eDiscovery Managed Services (EMS)

High volume of eDiscovery matters

Matter set up times are minimal

Lower pricing—predictable monthly fee

3 options:

1. Multi-tenant (Arq)
2. Dedicated server at an Epiq data centre
3. Dedicated server on your premises

Frequent use = Master Services Agreement (MSA)

Sporadic but regular volume of eDiscovery matters

Agreed terms across all matters and regions

Standardised global pricing

Occasional use = Transactional service

Low volume of eDiscovery matters

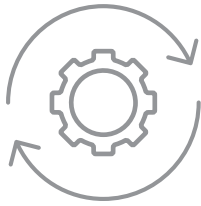

Focused scope

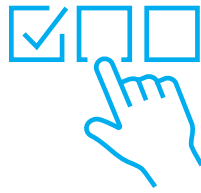

Transactional pricing

EMS benefits

Easy matter set up

Tailored environment
and services

Use EMS tools for non-
litigation purposes (e.g.
data subject requests)

Options for technology-
assisted review (TAR) and
document review services

Predictable and recoverable
eDiscovery costs

Professional services
support available

90+ EMS clients globally;
standard processes and procedures
built across thousands of matters

Global capability—
we can support matters locally
and across multiple geographies

ISO 27001
certifications in all locations, top tier
data security

24/7 processing capability
in Europe

Who should have an EMS contract?

- Law firms and corporations who want to be able to scale up and down support based on caseload and resource availability
- Law firms with many mid- to large-sized matters

People. Partnership. Performance.
