Casual dining experience

Epiq is a proven leader in the claims administration industry, with deep and broad experience in the requirements of a casual dining restructuring. Having handled many casual dining restructurings, Epiq has developed noticing, claims, and communication strategies to address all issues raised by these matters. Epiq offers the experience and internal capacity to manage all of your restructuring needs.

What we offer

Unrivaled experience

Successfully managed over 1,000 bankruptcy cases, including the most administratively challenging casual dining cases of the last two decades, such as Buffets, Sbarro, Real Mex, and Bar Louie.

Unique noticing options

Leverage decades of practical experience to provide efficient, cost-effective noticing solutions.

Infrastructure in strategic locations offers the latest first-class and overnight deadlines in the industry.

Design-specific mailing processes and protocols and multiple verification tools mitigate risks associated with high volume mailings.

Utilize advanced bar coding for all mailings, ensuring efficient tracking and reporting of all undeliverable mail.

Technological superiority

Provides the most robust infrastructure in the industry that drives efficiencies in the claims administration process.

Provide 24/7 web access to claims status and all relevant case data on desktops, tablets, and IOS/Android mobile devices, as well as secure online claim filing.

Superior docket alert notification technology allows email or text message alert updates simultaneously with the court's docket in real time.

Platinum standard securities team

Our team has the expertise to develop creative, workable solicitation procedures and implement them. Whether a case has a handful of holders or hundreds of bond issues and thousands of claimants, we have extensive experience in cases of all size.

We have been involved in the most complex casual dining restructuring transactions in history, such as Friendly's, Mrs. Fields, and Garden Fresh.

The Epiq team has been at the forefront of establishing industry accepted securities solicitation procedures. Our team has a comprehensive understanding of voluntary offer events, including tender offers, exchange offers, and treatment elections. Epiq is able to navigate the obstacles presented by public securities and other special situations with ease and efficiency.

Executory contract review

We can review large quantities of documents and accurately extract the relevant data needed for multiple work-streams within a Chapter 11 process and beyond.

Our team can quickly mobilize experienced review professionals to meet the accelerated timelines present in restructurings at an extremely economical price point.

Solutions are designed to be flexible and customizable in order to meet a wide range of unique requirements.
