## More time, less grind

**Problem:** Printing, folding, and stuffing envelopes by hand is a time-consuming manual process.

### What we offer

**Simplicity.** Upload your print document and mailing list and let us handle the rest. Our process gets your mailing out the door in the fewest steps possible.

**Quality.** Our large-scale professional print-and-mail facility provides the engine behind Epiq Notify.

**Options.** We provide industry standard print options such as same-day mailing and Certificate of Service receipts.

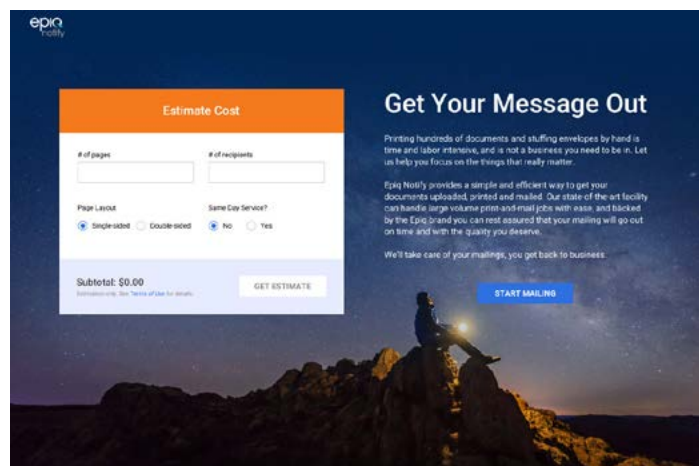

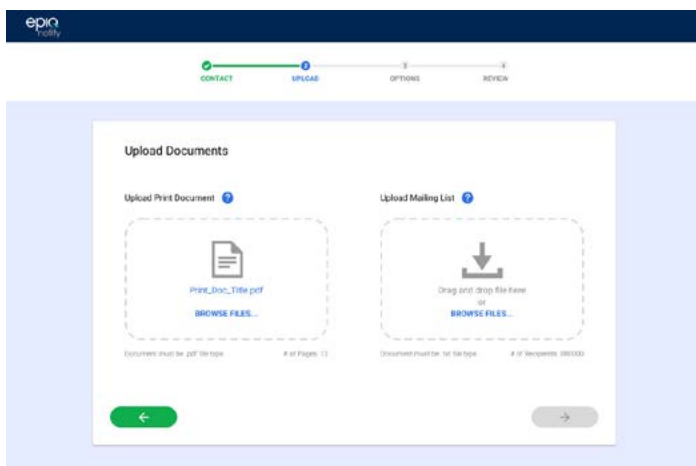

**Solution:** Epiq Notify provides a simple and efficient way to get your documents uploaded, printed, and mailed.

### How we deliver

**Upload and go.** Enter your contact information, drop your print document and mailing list into our uploader, define print options, and review. No lengthy forms to fill out.

**Fully automated.** Our inserters and sorters do all of the manual work for you, saving time and money.

**Versatility.** Our solution works with any PDF and mailing list that meets the basic formatting requirements.
