

Maintain customer and stakeholder trust by safeguarding sensitive information.

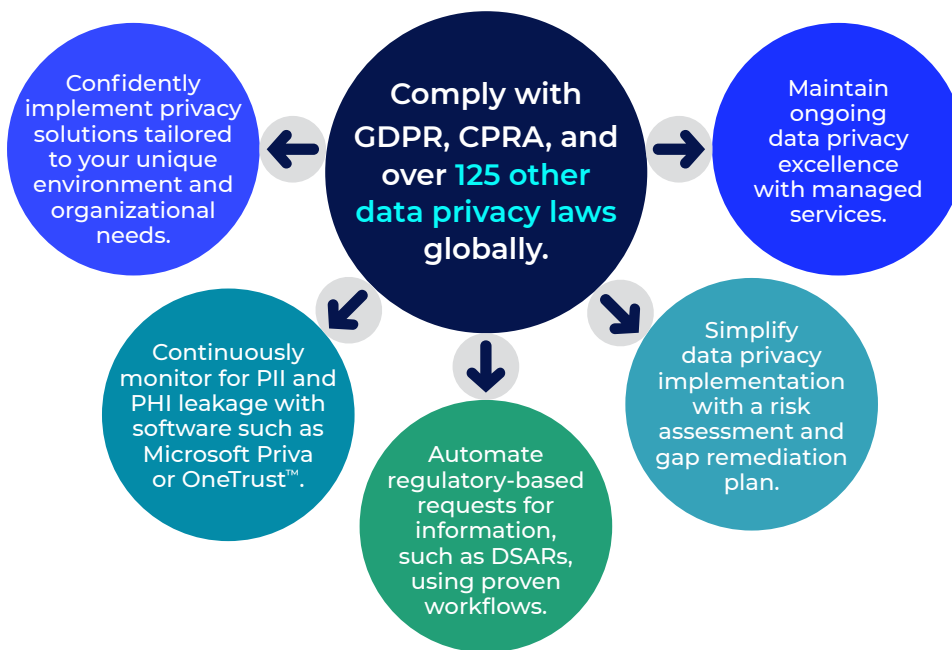

Work with experts to identify and resolve data privacy risks. Customize and deploy AI-powered solutions such as Microsoft Priva or OneTrust™ to manage DSARs, data mapping, regulatory reporting and data breach communication management. Comply with evolving global data privacy regulations, including the ability to respond quickly to requests for information.

Why Epiq Legal Solutions?

Experience the advantage of solutions from a partner specializing in legal and compliance.

Drive decisions with AI solutions that combine people, process, technology, and data.

Epiq Differentiators

- Obtain end-to-end support through a single provider for related services, including forensics, investigations, eDiscovery, and cyber incident response.
- Get proven results working with experts certified by International Association of Privacy Professionals (IAPP), Microsoft, and OneTrust™.
- Create comprehensive privacy training and automated reminders to review and delete obsolete items.

European Corporation Meets Chinese Privacy Requirements
