# Maximize business value from contracts.

Partner with experts to solve contracts management challenges through contracts advisory, contracts review, CLM implementation, and AI insights.

- Maximize contracting process efficiencies by building a strategic digital transformation roadmap and a business case for investment into Contract Lifecycle Management (CLM).
- Gain insight into your contracts to facilitate M&A due diligence, obligation management, and incident response by leveraging contracts intelligence data with AI extraction and analytics.
- Improve contracts data and process visibility through reporting and dashboards with smart KPIs aligned to business goals.
- Increase the capacity of your team during spikes in contracting volume caused by increases in business activity, M&A transactions, or regulatory changes.

Expertise in AI and custom model development.

Global resources with experience in legal technology and CLM.

malbek Partner of the Year 2024

Why Epiq Legal Solutions?

Experience the advantage of services from a partner specializing in legal and compliance.

Drive decisions with AI solutions that combine people, process, technology, and data.

Payment Technology Company Leverages Custom AI and Machine Learning to Enhance CLM

Read the Case Study

End-to-End Contracts Solutions

CLM Implementation and Optimization

Leverage the top CLM and AI technologies.

CLM Legacy Contracts Migration

Standardize, capture, and migrate your organization's agreements and data into a single source of contracts repository.

CLM Managed Services

Support ongoing CLM maintenance and end-user queries with CLM best practices.

CLM Transformation Strategy

Assess the contracting function, identify gaps, and define enterprise-wide CLM requirements from Sales to Procurement, Legal, Finance, and IT.

Contracts AI Solutions

Integrate AI-Enhanced CLM Services to automate negotiation, risk assessment, and compliance tracking.

Contracts Review and Analysis

Drive revenue growth, manage risks, reduce costs, and identify non-compliance through AI-contracts extraction, intelligence, and clause validation.

Contracts Administration

Augment in-house teams with experienced contracts managers and ongoing contracts intelligence.

Contracts Data Intelligence

Build, test, and deploy business intelligence (BI) dashboards.

Contracts Template and Playbook Services

Develop and refine standardized contract clauses, templates, and playbooks.

Flexible Legal Talent

Increase the capacity of your team during spikes in contracting volume caused by increases in business activity, M&A transactions, or regulatory changes.

Epiq and **ContractPodAi** partner to transform legal services through advanced agentic AI for law
