

Point. Click. Print and mail from anywhere.

Problem: Printing, folding, and stuffing envelopes by hand is a time-consuming manual process.

Solution: Epiq Notify provides a simple and efficient way to get your documents uploaded, printed, and mailed.

What we offer

Simplicity. Upload your print document and mailing list and let us handle the rest. Our process gets your mailing out the door in the fewest steps possible.

Quality. Our large-scale professional print-and-mail facility provides the engine behind Epiq Notify.

Options. We provide industry standard print options such as same-day mailing and Certificate of Service receipts.

How we deliver

Upload and go. Enter your contact information, drop your print document and mailing list into our uploader, define print options, and review. No lengthy forms to fill out.

Fully automated. Our inserters and sorters do all of the manual work for you, saving time and money.

Versatility. Our solution works with any PDF and mailing list that meets the basic formatting requirements.
