

## Optimize your discovery program with access to experts, proven processes, technology, AI, and services, all at a predictable monthly cost.

Empower your team with eDiscovery backed by data security, defensible workflows, analytics, direct administrative capabilities, business intelligence reports, and cost predictability across your portfolio of matters.

- Stabilize discovery costs with predictable monthly billing for a set capacity of hosting, users, and other services during your 3-year contract.
- Find data early in the discovery process, accelerate review, and identify privileged and confidential business content with unlimited access to AI tools.
- Add AI to your workflows for evidence interrogation, text summarization, native file translation, audio and video transcription, sentiment detection, premium OCR, image narration, and video analysis.
- Fund your capabilities with a cost recovery or cost allocation program.
- Make informed decisions with reporting that provides insights into your data, your business, and KPIs.
- Securely access applications and reporting via single sign-on and the Epiq Service Cloud.

## A Programmatic Approach to Discovery

|                      |                                   |                                 |
|----------------------|-----------------------------------|---------------------------------|
| Cloud Migration      | Implementation                    | Tailored Workflows and Strategy |
| Process Optimization | Cost Recovery and Cost Allocation | Advanced Analytics and AI Tools |

### Why Epiq Legal Solutions?

Experience the advantage of solutions from a partner specializing in legal and compliance.

Drive decisions with AI-enabled solutions that combine people, process, technology, and data.
